

AMITY UNIVERSITY JHARKHAND — HOSTEL HOUSING POLICY COVENANT 2026

1. SECURITY CURFEW PROTOCOLS

The external perimeter gates of the hostel blocks lock programmatically at exactly 20:30 hours (8:30 PM) every evening. Late entry requests require an explicit digital pass authorized by the Chief Warden via the Student Smart Portal before 17:00 hours on the date of travel. Unsanctioned breach of curfew triggers a Level 1 systemic violation notice, applying an automated fine of INR 1,500 directly to the student's fee account balance.

2. COMPLIANCE & PROHIBITED INFRASTRUCTURE

To prevent fire hazards and grid load drops, residents are strictly prohibited from installing private appliance infrastructure within dorm rooms. Prohibited items include high-voltage electric kettles (exceeding 800W), portable coil heaters and immersion rods, and individual induction cooktops. Discovery of these utility components during spot checks results in immediate asset seizure and an INR 3,000 environmental health penalty charge.

3. ROOM ALLOCATION & ROOM TRANSFERS

Room assignments are locked for the complete duration of the academic year. Inter-room change requests are only evaluated during the mid-semester window (October 1 to October 15) and require the submission of an Inter-Hostel Transfer Petition (Form HT-ROOM-X), accompanied by a signed mutual clearance agreement from both room occupants and a transaction handling processing fee of INR 500.
